Pillar 1: Policies for Safer Learning Facilities

No.	2017	2024	Trend	Comprehensive School Safety Indicators
B1 (11 questions)	****	★☆☆☆	\	Regulation and monitoring systems guide the safe site selection, design and construction of new schools.
B2 (9 questions)		★★☆☆	~	Existing unsafe schools are systematically identified and upgraded or replaced (including WASH facilities).
B3 (4 questions)		***		Education authorities promote routine maintenance and non-structural mitigation for increased safety and protection of school occupants and investments.
B4 (5 questions)	***	★☆☆☆	\	Policies and planning limit disruption of education due to use of schools as temporary shelters or collective centers, during the school year.
B5 (2 questions)				Children are protected from death, injury and harm on the way to school.

No.	2017	2024	Trend	Comprehensive School Safety Indicators
C1 (7 questions)		★★☆☆		Education authorities have robust, participatory plans for risk management, risk reduction, and response preparedness.
C2 (10 questions)	★★☆☆	****	~	Schools have robust participatory plans for risk management, risk reduction, and response-preparedness.
C3 (14 questions)		★★☆☆		Children's rights in the education sector are equally assured for children of all gender, disability, language or cultural groups, and at all stages of development.
C4 (4 questions)		★★☆☆	~	Education sector has standard operating procedures and require regular drills for disasters and emergencies to improve school safety planning.
C5 (11 questions)		***		Education sector has robust systems and policies for school health and nutrition.

Comprehensive School Safety Commitments for 2025-2030

	Commitments
Enabling policies and legal frameworks	Cabinet approval of updated school safety committee. Expect that a national school safety committee will be formed and approved.
Safer school facilities	Maintenance plan to be implemented for all schools and submission of school safety plans by all schools
School safety and education continuity management	Develop and adopted continuity plan for the education sector
Risk reduction and resilience education:	Full integration of the Disaster RIsk Reduction and Climate Change curriculum for lower secondary schools
Reducing barriers and inequities for our most vulnerable learners:	Inclusivity intergrated into school safety planning
Supporting health and well-being	Infection prevention and control plan integrated into school safety plans
Implementing climate change adaptation measures	More schools will integrate climate adaption measures in their development plan and adopt climate smart measures
Implementing climate mitigation and environmental sustainability measures ('greening schools')	Improvement in the greening of school in line the the safe school recognition programme
New or enhanced budget allocations	School safety will be a line item in the education budget
Strengthening data collection and evidence-based decision processes	Comprehensive school safety will be fully integrated into the EMIS
