Comprehensive School Safety Indicators
Enabling policies and legal frameworks address comprehensive school safety for all hazards and risks.
Child-centered risk assessment is in place at all levels in the education sector.
Education authority provides effective leadership and coordination for comprehensive school safety.
Sustained funding is in place to reduce education sector risks, maintain educational continuity and support risk reduction and resilience programming.
Monitoring and evaluation of comprehensive school safety is based upon data and evidence.

Risk Assessment

Policy and Leadership

Policy	Addressed	Focal Point

Pillar 1: Policies for Safer Learning Facilities

No 🚫 Somewhat 🕢 Robust 🕢

No.	2017	2024	Trend	Comprehensive School Safety Indicators
B1 (11 questions)	★★☆☆	****	\sim	Regulation and monitoring systems guide the safe site selection, design and construction of new schools.
B2 (9 questions)		★★☆☆	\sim	Existing unsafe schools are systematically identified and upgraded or replaced (including WASH facilities).
B3 (4 questions)		★★★☆		Education authorities promote routine maintenance and non-structural mitigation for increased safety and protection of school occupants and investments.
B4 (5 questions)	☆☆☆☆	★★☆☆	\sim	Policies and planning limit disruption of education due to use of schools as temporary shelters or collective centers, during the school year.
B5 (2 questions)		★★☆☆		Children are protected from death, injury and harm on the way to school.

Pillar 2: School Safety & Educational Continuity Management

No.	2017	2024	Trend	Comprehensive School Safety Indicators
C1 (7 questions)		★★★☆		Education authorities have robust, participatory plans for risk management, risk reduction, and response preparedness.
C2 (10 questions)	★★★☆	★★☆☆	\sim	Schools have robust participatory plans for risk management, risk reduction, and response-preparedness.
C3 (14 questions)		★★☆☆		Children's rights in the education sector are equally assured for children of all gender, disability, language or cultural groups, and at all stages of development.
C4 (4 questions)	☆☆☆☆	★★☆☆	\sim	Education sector has standard operating procedures and require regular drills for disasters and emergencies to improve school safety planning.
C5 (11 questions)		★★★☆		Education sector has robust systems and policies for school health and nutrition.

Planning Elem	nents		Training
Not Limited supported guidance	Robust guidance	Insufficient data	Not At least Fach annually Each term
Guidelines support schools in:	2017	2024	Drills Required
Risk assessm	ent 🕢	×	Fire drills
Risk reduct	ion 🕢	×	Other drills
Response preparedne	ess 📀	×	Full simulation drills
Educational continu	uity 📿	\bigcirc	Conducted for children of all ages and disabilities
Climate change adaptation and climate		X	
Actively including child participation wh developing plans and measu		\otimes	Access to I
Standard operating procedures disasters and emergence		(V)	No 🔀 Limited 🐼

Health & Sanitation				
None or limited Some	None 🚫 Irregular 💓			
Robust	At least annually			
Health policies and systems	Monitoring of WASH			

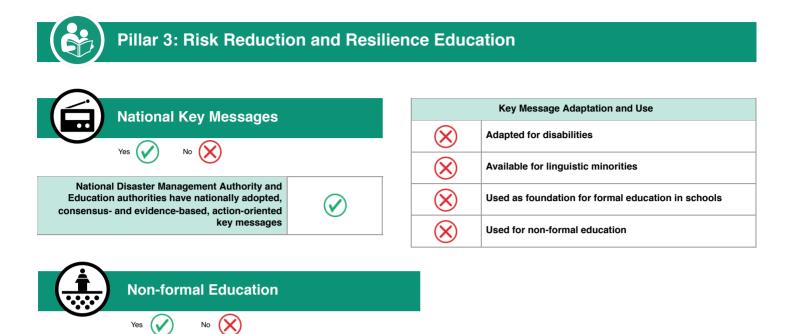

Pillar 3: Risk Reduction and Resilience Education

No.	2017	2024	Trend	Comprehensive School Safety Indicators
D1 (3 questions)	****	★☆☆☆	\sim	National Disaster Management Authority and Education Authority have nationally adopted, consensus- and evidence based, action-oriented key messages as foundation for formal and non-formal education.
D2 (4 questions)	$\bigstar \bigstar \bigstar \bigstar \bigstar$	★★★☆	\sim	Climate-aware risk reduction, resilience, and well-being education is included in regular formal curriculum.
D3 (9 questions)		★★★☆		Non-formal education for students and families addresses climate-aware, risk reduction, resilience and well-being.
D4 (5 question)	☆☆☆☆	★★☆☆	\sim	Teachers' capacity to facilitate student learning for climate-aware risk reduction, resilience, and well-being is developed and assessed.
D5 (5 question)		****		Student learning outcomes for climate-aware risk reduction, resilience, and well- being education are monitored and evaluated.
D6 (5 question)		★★★☆		Schools have sufficient education materials for teaching risk reduction, resilience, and well being.

Comprehensive School Safety Commitments for 2025-2030

		Commitments
	Enabling policies and legal frameworks	Education Legislative Framework (ELF) documents like; The Education Funding Code, The Education Regulation, The Education Learning Framework and Secondary Scheme of Certificate, The Provincial Education Coordination Admin Instruction, The Education Provider Admin Instruction, The School Board and Community Admin Instruction, The Schools Admin Instruction, The ECE Centre Admin Instruction and The Teachers and School Leaders Admin Instruction.Education Act 2023, Education strategic Framework 2016 - 2030, National Education Action Plan (NEAP) 2022 - 2026, Child Protection Policy, Inclusive Education Policy.
	Safer school facilities	We have an infrastructure Guideline that sets the standards for learning spaces and currently have a draft WASH Policy which we will finalise and enforce
	School safety and education continuity management	School Based Disaster Risk Reduction (SBDRR) Handbook and Disaster Risk Management Policy Guideline (in Draft) are docucments that manages school safety and eduction continuity. Once operationalized, these documents will set the base for all partners and stakeholders working in the Education sector.
È	Risk reduction and resilience education:	Implement School Based Disaster Risk Reduction
	Reducing barriers and inequities for our most vulnerable learners:	Implementing the Inclusive Education Policy
	Supporting health and well-being	Support WASH in Schools initiatives
	Implementing climate change adaptation measures	Improvement of curriculum materials for ECE, primary, junior secondary and senior secondary on DRR & CC
	Implementing climate mitigation and environmental sustainability measures ('greening schools')	Promote Nature Based Solutions initiatives in school based interventions. Encourage waste management, magrove reforestation, tree planting to combat soil erosion.
	New or enhanced budget allocations	Current funding modality
	Strengthening data collection and evidence-based decision processes	Data collection for policy decisions, planning and MERL.
