

# Solomon Islands Family Safety Plan Survey (v.3)

---

## 0. HI THERE! IT'S IGGY AND THE GANG

0.1 We're getting ready for disaster and emergencies including some climate change impacts. Do you want to join us?

YES

No

**DISASTERS AND EMERGENCIES CAN BE SCARY**

MAKING A FAMILY SAFETY PLAN CAN KEEP US SAFER

---

TO START THE FAMILY SAFETY PLAN (FSP) SURVEY, AN ADULT IN YOUR FAMILY NEEDS TO GIVE PERMISSION. KIDS, MAKE SURE AN ADULT IN YOUR HOUSEHOLD SIGNS IN, NEXT!

---

**0.2 Please have an adult over the age of 21 enter their year of birth.**

## **ABOUT THIS APP - BEFORE WE BEGIN...**

THIS APP WAS CREATED TO HELP YOUR FAMILY TO PREPARE FOR EMERGENCIES AND DISASTERS BY ASKING QUESTIONS AND PROVIDING PRACTICAL GUIDANCE. THE INFORMATION YOU ENTER WILL BE USED TO PRODUCE YOUR PERSONALIZED FAMILY SAFETY PLAN (FSP).

---

YOUR FAMILY'S INFORMATION IS SAFELY STORED ON THE FSP PORTAL FOR YOUR USE ONLY. NO ONE ELSE WILL EVER BE ABLE TO SEE YOUR PERSONAL INFORMATION. YOUR FACEBOOK CREDENTIALS (USER ID AND PASSWORD), YOUR MOBILE PHONE NUMBER OR YOUR EMAIL ADDRESS ARE USED TO REGISTER YOU, AND ALLOW YOU TO ACCESS YOUR FSP ACCOUNT. THE FSP PORTAL DOES NOT EXCHANGE ANY INFORMATION AT ALL WITH FACEBOOK.

---

THE FSP SURVEY HAS 10 SECTIONS: 1. ABOUT OUR FAMILY, 2. HAZARD IDENTIFICATION, 3. RISK REDUCTION, 4. RESPONSE SKILLS AND SUPPLIES, 5. STRONG WINDS AND HEAVY RAINS, 6. EARTHQUAKE AND TSUNAMI, 7. VOLCANOES, 8. LANDSLIDES, 9. DROUGHT AND 10. DISEASE OUTBREAK.

---

THE MINISTRY OF ENVIRONMENT CLIMATE CHANGE DISASTER MANGEMENT AND METEOROLOGY (MECDM), THE NATIONAL DISASTER MANAGEMENT ORGANISATION AND THE MINISTRY OF EDUCATION AND HUMAN RESOURCES (MEHRD) AND ORGANISATIONS HELPING SOLOMON ISLANDS FAMILIES PREPARE FOR EMERGENCIES AND DISASTERS, AND ADAPT TO CLIMATE CHANGE IMPACTS, WILL BE ABLE TO USE THE FSP PORTAL TO SEE HOW FAMILIES IN YOUR AREA ARE GETTING PREPARED. HOWEVER, NO ONE WILL EVER SEE YOUR PERSONAL INFORMATION, WITHOUT YOUR PERMISSION.

---

### 0.3 Does your family want to continue?

*YOUR AGREEMENT WILL ALLOW YOU TO SEE THE REST OF THE SURVEY*

YES!  No

\_WE ARE SORRY TO SEE YOU GO. WHEN YOU CLICK "VALIDATE" BELOW, YOU WILL EXIT THE SURVEY. IF YOU WANT TO COME BACK, PLEASE RELAUNCH THE APP

---

## WE ARE VERY GLAD YOU DECIDED TO WORK ON YOUR FAMILY SAFETY PLAN! HERE ARE SOME TIPS:

ONCE YOU START ANSWERING THE SURVEY QUESTIONS, DO NOT QUIT THE FSP MOBILE APP UNLESS YOU HAVE CLICKED ON THE "SAVE" BUTTON (FLOPPY DISK SYMBOL  ) ON THE LEFT OF THE NAVIGATION BUTTONS IN THE UPPER RIGHT CORNER OF THE PAGE. OTHERWISE, YOUR ANSWERS MAY NOT BE SAVED.

ANYTIME YOU USE THE APP, YOU HAVE THE OPTION TO ANSWER ANY QUESTIONS YOU SKIPPED OR REVISE YOUR PREVIOUS ANSWERS. YOU CAN TAKE BREAKS WHENEVER YOU WANT AND RETURN TO THE SURVEY TO CONTINUE FROM WHEREVER YOU LEFT OFF.

---

1. WHEN YOU ARE READY TO TAKE A BREAK, PLEASE CLICK ON THE FLOPPYDISK SYMBOL TO SAVE AND THEN THE "X" ICON TO EXIT AND RETURN TO THE FSP APP LANDING PAGE. (IF YOU ARE ACCESSING THE APP WITH A BROWSER THROUGH THE WEB-APP, YOU WILL NOT SEE, OR NEED TO CLICK THE DISKETTE/SAVE ICON)

---

2. WHEN YOU RETURN YOU'LL HAVE TO ANSWER THE FIRST 3 PERMISSION QUESTIONS AGAIN. THEN YOU CAN CONTINUE WHERE YOU NAVIGATE TO THE SECTION WHERE YOU LEFT OFF USING THE "NEXT" AND "BACK" BUTTONS. OR, YOU CAN JUMP TO THE SECTION WHERE YOU LEFT OFF BY CLICKING ON THE MAGNIFYING GLASS ICON TO SELECT ANY SECTION HEADING.

---

3. WHEN YOU ARE FINISHED BE SURE TO GO TO THE LAST PAGE OF THE SURVEY, CLICK VALIDATE & SUBMIT. IF THERE ARE ANY REQUIRED RESPONSES MISSING, YOU WILL BE PROMPTED TO COMPLETE THESE.

---

WHEN YOU ARE ONLINE, YOUR SURVEY SUBMISSION WILL BE UPLOADED AND YOU WILL RECEIVE YOUR COMPLETED FAMILY SAFETY PLAN.

---

IF YOU ARE OFFLINE, YOUR SURVEY WILL BE QUEUED FOR UPLOAD. THE NEXT TIME YOU ARE ONLINE, LAUNCH THE FSP MOBILE APP AND CLICK ON THE UPLOAD OUR PLAN BUTTON. IF THERE ARE SUBMISSIONS WAITING TO BE UPLOADED TO THE FSP SERVER, CLICK ON THE UPLOAD ALL BUTTON. THEBACK BUTTON WILL TAKE YOU TO THE LANDING PAGE.

---

4. WHEN YOU HAVE ANSWERED ALL OF THE REQUIRED QUESTIONS AND SUBMITTED YOUR SURVEY ONLINE, YOU WILL AUTOMATICALLY RECEIVE YOUR FAMILY SAFETY PLAN VIA THE METHOD OF YOUR CHOICE!

---

## 1. LET'S GET STARTED: ABOUT OUR FAMILY

### 1.1 What is your surname?

---

**HALO, GUDFALA DE LO YOU!**

LET'S GATHER EVERYONE THAT LIVES AT HOME EVEN THE LITTLE KIDS!

---

**TELL EVERYONE THAT YOU'LL BE HOLDING A FAMILY SAFETY MEETING AND IT'LL LAST FOR ABOUT HALF AN HOUR OR MORE. FAMILY SAFETY PLANS NEED EVERYONE TO THINK, PLAN, AND PRACTICE TOGETHER. TRY AND GET EVERYONE TOGETHER BEFORE WE START**

**1.2 Is everyone here and ready?**

- Yep! We're all here!
- We've got almost everyone together.
- Nope, it's just me.

FAMILY SAFETY PLANS NEED EVERYONE TO THINK, PLAN, AND PRACTICE TOGETHER. TRY AND GET EVERYONE TOGETHER BEFORE WE START

LET'S REMEMBER THAT SOME OF US HAVE DIFFICULTY SEEING, HEARING, WALKING OR REMEMBERING. EVERYONE SHOULD BE INCLUDED IN OUR MEETING.

**SET – WHO'S HERE AT THIS MEETING?**

**1.3 How many of you are boys or men?**

- |                         |                          |                         |
|-------------------------|--------------------------|-------------------------|
| <input type="radio"/> 0 | <input type="radio"/> 1  | <input type="radio"/> 2 |
| <input type="radio"/> 3 | <input type="radio"/> 4  | <input type="radio"/> 5 |
| <input type="radio"/> 6 | <input type="radio"/> 7  | <input type="radio"/> 8 |
| <input type="radio"/> 9 | <input type="radio"/> 10 |                         |

**1.4 How many of you are girls or women?**

- |                         |                          |                         |
|-------------------------|--------------------------|-------------------------|
| <input type="radio"/> 0 | <input type="radio"/> 1  | <input type="radio"/> 2 |
| <input type="radio"/> 3 | <input type="radio"/> 4  | <input type="radio"/> 5 |
| <input type="radio"/> 6 | <input type="radio"/> 7  | <input type="radio"/> 8 |
| <input type="radio"/> 9 | <input type="radio"/> 10 |                         |

**1.5 How many of the girls or women have a disabilities of some kind?**

- |                         |                          |                         |
|-------------------------|--------------------------|-------------------------|
| <input type="radio"/> 0 | <input type="radio"/> 1  | <input type="radio"/> 2 |
| <input type="radio"/> 3 | <input type="radio"/> 4  | <input type="radio"/> 5 |
| <input type="radio"/> 6 | <input type="radio"/> 7  | <input type="radio"/> 8 |
| <input type="radio"/> 9 | <input type="radio"/> 10 |                         |

1.6 How many of the boys or men have a disabilities of some kind?

- 0
- 3
- 6
- 9

- 1
- 4
- 7
- 10

- 2
- 5
- 8

## WHERE DO YOU LIVE?

1.7 What is the province you live in?

- Central
- Honiara
- Malaita
- Western

- Choiseul
- Isabel
- Rennell-Bell

- Guadalcanal
- Makira-Ulawa
- Temotu

1.8 What is the ward you live in?

1.9 Please enter your village name.

---

## HOW MANY PEOPLE LIVE IN YOUR HOME?

1.11 Ages 0-2:

---

1.12 Ages 3-5:

1.13 Ages 6-12:

1.14 Ages 13-17:

1.15 Ages 18-64:

1.16 Over 65 years old:

Please check to be sure: That's a total of people in your home.

## ABOUT SCHOOL-AGE CHILDREN

1.17 ARE THE SCHOOL-AGE CHILDREN ATTENDING SCHOOLS?

ASK THIS Q IF THERE ARE SCHOOL-AGE(6-12 or 13-17) CHILDREN

- Yes, all
- Some
- No, none

GREAT, CHILDREN WHO ATTEND SCHOOL ARE SAFER AND BETTER PROTECTED FROM HAZARDS OF ALL KINDS

## 1.18 WHAT KINDS OF BARRIERS STOP CHILDREN IN YOUR FAMILY FROM ATTENDING SCHOOL?

Mark all that apply

- Economic/Financial
- Distance and access
- Quality of school facilities
- Teaching and learning
- Family/Social/Cultural

## 2. IDENTIFY OUR HAZARDS

OK, LET'S MAKE SURE WE ARE ALL TALKING ABOUT THE SAME THING

---

### 2.1 Do you know what a disaster is?

- Events that damage our community and we need outside help to cope with.
- Events like cyclones, earthquakes, and wildfires are disasters.
- We're not sure.....

GREAT! LET'S GET STARTED REDUCING THOSE DANGERS, SO THEY DON'T BECOME DISASTERS, AND LEARNING TO ADAPT, PREPARE, AND RESPOND, SO THEY DON'T BECOME DISASTERS.

---

STRONG WINDS, HEAVY RAINS, FLOODS, EARTHQUAKES, FIRES, VOLCANOES, LANDSLIDES, AND DISEASE OUTBREAKS CAN ALL LEAD TO DISASTERS, ONLY IF WE ARE NOT READY FOR THEM

---

LET'S FIGURE OUT WHAT DANGERS YOUR FAMILY FACES AND WHICH ARE MOST SERIOUS

---

SOME OF THESE ARE MADE WORSE BY CLIMATE CHANGE IMPACTS SUCH AS EXTREME TEMPERATURES, LONGER AND DRIER DRY SEASONS, WETTER WET SEASONS, EXTREME WEATHER EVENTS, COASTAL EROSION AND SEA LEVEL RISE AND NEW HEALTH HAZARDS. ADAPTATION WILL BE IMPORTANT!

---

LET'S START OUT WITH SOME FACTS ABOUT THESE HAZARDS

---

## FIRE

FIRE IS A BIG DANGER! MOST FIRES START SMALL – FROM COOKING, CIGARETTES, CANDLES, AND EVEN BROKEN GLASS ON DRY GROUND. BUT THEY CAN GET OUT OF CONTROL QUICKLY! DRYNESS AND DROUGHT CAN INCREASE THIS DANGER.

---

## CYCLONES AND STRONG WINDS

ALL OF SOLOMON ISLANDS IS PRONE TO CYCLONES AND STORMS. STRONG WINDS CAN DESTROY TREES AND WEAK HOMES, HEAVY RAINS CAN WASH AWAY ROADS AND CUT WATER AND ELECTRICITY SUPPLIES! CLIMATE CHANGE MAY INCREASE THE SEVERITY AND FREQUENCY OF THESE DANGERS.

---

## FLOODING AND DROUGHT

CLIMATE CHANGE IS BRINGING CHANGES IN RAINY AND DRY SEASONS, LEADING TO BOTH FLOODING AND DROUGHT. CLIMATE CHANGE IMPACTS CAN MEAN THAT WE CANNOT RELY ON THE PAST TO PREDICT THE FUTURE. THAT'S AN IMPORTANT CONVERSATION TO HAVE WITH YOUR ELDERS.

---

## EARTHQUAKES

EARTHQUAKES CAN HAPPEN ANYWHERE AND ANYTIME IN SOLOMON ISLANDS. THEY DON'T HAPPEN OFTEN, BUT THEY CAN DESTROY A LOT WHEN THEY DO.

---

WEAK BUILDINGS CAN COLLAPSE OR BE DAMAGED AND WATER AND ELECTRICITY CAN BE INTERRUPTED. LANDSLIDES AND TSUNAMIS CAN FOLLOW.

---

## TSUNAMIS

LONG OR STRONG EARTHQUAKES CAN CAUSE TSUNAMIS TO SEND MASSES OF WATER MORE THAN 1 KM INLAND AND EVEN UP RIVERS. MOST OF US WILL NEED TO BE PREPARED FOR TSUNAMIS!

---

LONG OR STRONG EARTHQUAKES CAN CAUSE DANGEROUS TSUNAMIS FOR THOSE WITHIN 1 KM OF THE COAST OR COASTAL RIVER. IT'S GOOD TO KNOW HOW TO PROTECT YOURSELVES, YOU MIGHT BE VISITING THE COAST WHEN A TSUNAMI STRIKES

---

## LANDSLIDES

LANDSLIDES CAN OCCUR DUE TO HEAVY RAINS OR EARTHQUAKES, THE DANGERS CAN BE AVOIDED WITH GOOD KNOWLEDGE IN ADVANCE

---

## VOLCANOES

VOLCANOES CAN SPEW FIERY HOT ROCKS, ASH AND GASES OVER A LARGE AREA. SOMETIMES THESE ARE TOXIC

---

## DISEASE OUTBREAKS

AN EPIDEMIC IS A WIDE SPREAD OF DISEASE IN AN AREA OR PARTICULAR COMMUNITY EG. TYPHOID OR CHOLERA

---

A PANDEMIC IS WHEN A DISEASE IS WIDESPREAD ACROSS SEVERAL COUNTRIES E.G. COVID

---

ENDEMIC MEANS THE DISEASE IS STEADY OR PREDICTABLE IN A CERTAIN AREA. IT CAN BE MANAGED WITHOUT MUCH DISRUPTION TO NORMAL LIFE. EG. MALARIA. THESE ARE ILLNESSES THAT CAN SPREAD QUICKLY TO PEOPLE THROUGH AIR, WATER, FOOD, BODY FLUIDS OR OTHER ANIMALS – SO, THERE'S LOTS TO LEARN!

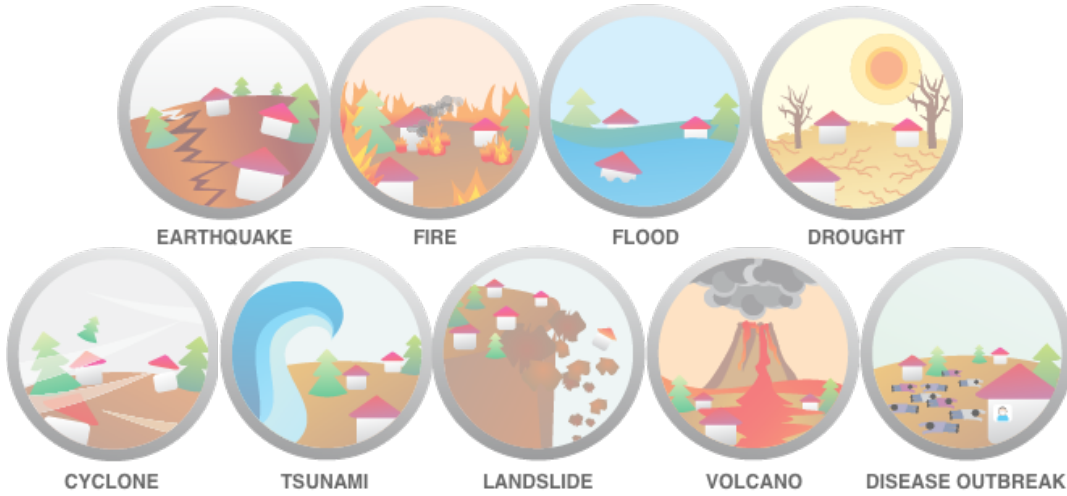

---

CHILDREN MAY BE VULNERABLE TO PHYSICAL OR EMOTIONAL VIOLENCE OR HARM, FROM ADULTS OR FROM CHILDREN.

---

## 3. RISK ASSESSMENT AND RISK REDUCTION

» Now, let's figure out what dangers your family faces and which are most serious.

	Serious	Minor	Not at all
3.1 Fire?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.2 Strong winds?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.3 Heavy rains (including local, riverine, flash floods)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.4 Coastal flooding (including storms & king tides)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.5 Drought?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.6 Earthquake?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.7 Tsunami?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.8 Landslides?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.9 Volcanoes?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.10 Disease outbreak?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3.11 Violence against children?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

GREAT! YOU'VE IDENTIFIED YOUR DANGERS.

---

WITH ALL THESE DANGERS WE FACE, WE'D BETTER GET PREPARED. FAMILY SAFETY IS ALL A MATTER OF SMALL STEPS. IT DOESN'T MATTER WHERE YOU BEGIN, AS LONG AS AT THE END YOU'VE TAKEN A FEW MORE STEPS TO SAFETY

---

**LET'S DO A FEW SMALL STEPS NOW!**

3.12 Have you talked as a family about dangers and emergencies?

Yes

No

OF COURSE YOU HAVE! YOU'RE DOING IT NOW! DO HAVE A FAMILY MEETING TO DISCUSS SAFETY 2-3 TIMES A YEAR!

---

3.13 Have you looked around your home and local community to find the safest places during different disasters and emergencies?

Yes

Not yet. We'll look later

GREAT START!

---

**LET'S WRITE DOWN SAFE PLACES**

**3.14 Safest room or safest location in our community, in a cyclone:**

---

**3.15 Safest place in our living area during an earthquake:**

---

**3.16 Safest room during an earthquake:**

---

3.17 Safest place outside, nearby, after an earthquake:

---

3.18 Safe place outside, in case of building fire:

---

## GLAD YOU KNOW SAFE PLACES IN YOUR HOME FOR EARTHQUAKES AND CYCLONES. REMIND YOUNG CHILDREN ABOUT THESE SPOTS

MAKE SURE YOU UPDATE THIS LIST OF SAFE PLACES, IF ANYTHING CHANGES

---

## WE NEED TO PREVENT FIRES TOO

**3.19 Do you have bucket of sand, fire blanket, or fire extinguisher to put out a small fire?**

- Yes
- No, but we'll get supplies later.

SET! FIRES SPREAD SO QUICKLY. HAVING SUPPLIES ON HAND CAN KEEP YOUR FAMILY SAFE

---

**LET'S MAKE SURE THAT YOU HAVE COPIES OF IMPORTANT DOCUMENTS\*  
SOMEWHERE SAFE\*\*. YOU MAY NEED THEM IF THE ORIGINALS ARE DESTROYED**

**3.20 Is this task done?**

- Yes, we've done it.
- No, we still need to do it.

\*THIS INCLUDES BIRTH CERTIFICATES, LAND TITLES, IDENTITY PAPERS, GRADUATION CERTIFICATES ETC.

---

\*\*IN A WATERPROOF BAG, IN YOUR EVACUATION 'GO-BAG', DIGITALLY IN 'THE CLOUD', OR WITH A RELATIVE IN ANOTHER LOCATION.

---

**ALL CHILDREN ALSO NEED TO REMEMBER THE MOBILE NUMBERS OF THEIR PARENTS OR MOST IMPORTANT ADULTS. YOU MAY PUT A COPY OF THESE IMPORTANT CONTACT NAMES AND NUMBERS IN KIDS' SCHOOL BAGS**

**3.21 What about this task, is it done?**

- Yes, we've done.
- No, we still need to do it.
- It's not necessary.

**KEEP CURRENT PHOTOS OF FAMILY MEMBERS IN YOUR PHONE TO HELP FIND ANYONE MISSING**

**3.22 Have you done this?**

- Yes, we've done.
- No, we still need to do it.
- No, no one in our household has a smart phone

**IN AN EMERGENCY, I BET WE'LL GET THIRSTY AND HUNGRY. DURING DISASTERS WATER MAY BE DIRTY AND IT MAY BE HARD TO FIND FOOD IN SHOPS**

**3.23 Have you got water and food stored in case of emergency?**

- Yes, we have food and water stored to last for 5-7 days
- We've got some food or water stored, but not that much
- We don't have any food or water stored

ANY AMOUNT OF STORED FOOD AND WATER CAN HELP!

---

WONDERFUL! BE SURE YOU REPLACE YOUR STORED FOOD AND WATER EVERY SIX MONTHS SO IT STAYS FRESH!!

## FAMILY REUNIFICATION

3.24 Does your family have emergency contact person(s) who have permission to pick your children up at school or child care?

- Yes
- No

3.25 Who is the person with the permission to pick your children up at school or child care?

---

3.26 Does your children's school know who has permission to pick up your children in case of emergency or disaster?

- Yes
- No

GREAT! I'M GLAD THAT YOU KNOW THE SCHOOL PROCEDURES FOR DISASTERS AND EMERGENCIES

---

PLEASE BE SURE TO DISCUSS THIS WITH YOUR HEAD TEACHER, AND HELP YOUR SCHOOL TO DEVELOP ITS PLAN AND MAKE SURE EVERYONE KNOWS ABOUT IT

---

## COMMUNITY PLANS

3.27 Does your community have plans in case of emergency and disaster, including safe evacuation locations and routes?

- Yes
- No
- Not sure

GREAT! I'M GLAD EVERYONE WILL KNOW HOW TO FIND EACH OTHER IF YOU GET SEPARATED.

---

PLEASE BE SURE TO DISCUSS THIS WITH YOUR VILLAGE DISASTER MANAGEMENT COMMITTEE, AND HELP YOUR COMMUNITY TO DEVELOP ITS PLAN AND MAKE SURE EVERYONE KNOWS ABOUT IT

---

## Which of these locations have been selected as safe, in case of each hazard?

### 3.28 Fire

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.29 Cyclones and strong winds

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.30 Floods and heavy rain

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.31 After earthquake shaking

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.32 Tsunami

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.33 Landslide

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.34 Volcano

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.35 Is everyone in the family clear to go straight to these safe places in case they separate?

- Yes
- No
- Not sure

## Which of these locations do you think would be safest, in case of each hazard?

### 3.36 Fire

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.37 Cyclones and strong winds

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.38 Floods and heavy rain

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.39 After earthquake shaking

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.40 Tsunami

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.41 Landslide

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

### 3.42 Volcano

- |  |  |  |
|--|--|--|
| <input type="radio"/> My home          | <input type="radio"/> My relatives home      | <input type="radio"/> Our local school               |
| <input type="radio"/> Our local church | <input type="radio"/> Other local safe haven | <input type="radio"/> Evacuate to a different island |
| <input type="radio"/> We're not sure   |  |  |

WHEN YOU HAVE A COMMUNITY DISASTER PLAN AND A SCHOOL DISASTER PLAN, WE KNOW THAT YOU WILL ALL FEEL CONFIDENT ABOUT WHERE YOU WILL MEET AND HOW YOU WILL BE REUNIFIED, IF YOU ARE NOT TOGETHER AT THE TIME OF IMPACT.

---

## EMERGENCY CONTACT

### » EMERGENCY COMMUNICATIONS

IF PHONE LINES ARE DOWN, AND YOU GET SEPARATED DURING A DISASTER, HOW WILL YOU FIND EACH OTHER?

---

IT WILL BE IMPORTANT AFTER ANY HAZARD IMPACT TO LEAVE ALL THE PHONE LINES CLEAR FOR EMERGENCY SERVICES' USE.

---

WHEN MOBILE NETWORKS ARE OVERLOADED JUST ONE SHORT TEXT MESSAGE IS YOUR BEST CHANCE TO GET THROUGH.

---

### » WHEN PHONES ARE NOT WORKING, YOUR EMERGENCY CONTACT CAN BE VERY HELPFUL.

3.43 Can you think of someone out of the area?

Yes

Not yet

3.44 Name of your Emergency Contact:

---

**3.45 Phone number of your Emergency Contact:**

*Please enter a 7-digit phone number!*

---

**YOU'VE COMPLETED THE RISK REDUCTION SECTION. GET READY! IN THE NEXT SECTION, YOU'RE GOING TO PRACTICE YOUR RESPONSE SKILLS**

---

**4. CHECK OUR RESPONSE SKILLS AND SUPPLIES  
EMERGENCY RESPONSE SKILLS FIRST!**

---

NOW LET'S SEE IF YOU HAVE THE RESPONSE SKILLS YOU'LL NEED DURING AN EMERGENCY OR DISASTER!

---

LET'S FIGURE OUT WHAT KIND OF SKILLS YOUR FAMILY NEEDS

---

**OH NO! A HAZARD JUST STRUCK. I'M SO TEMPTED TO CALL MY GRANDMOTHER...**

4.1 Does everyone know why you should only use phones for very essential, short calls right after a disaster?

- Yes, we know why to avoid phone calls after a disaster!
- No, we're not sure why we shouldn't use phones.

GREAT! NICE! YOU KNOW THAT USING PHONES DURING A DISASTER TIES UP THE NETWORK. EMERGENCY RESPONDERS WON'T BE ABLE TO USE THE PHONES.

---

REMEMBER, IF YOU MUST CONTACT OTHERS, USE TEXT, BE BRIEF AND MAKE AS FEW CALLS AS POSSIBLE TO SAVE BATTERY LIFE.

---

IF EVERYONE TRIES TO CALL OR TEXT EACH OTHER DURING A DISASTER, THE MOBILE NETWORKS WILL BE BUSY. PEOPLE WHO NEED TO CALL THE FIRE, POLICE OR AMBULANCE WILL NOT BE ABLE TO GET THROUGH

---

THAT WOULD BE TERRIBLE IF SOMEONE WAS REALLY HURT OR A BIG FIRE WAS STARTING. REMEMBER, IF YOU MUST CONTACT OTHERS, USE TEXT, BE BRIEF AND MAKE AS FEW CALLS AS POSSIBLE

---

## **PARENTS: ASK CHILDREN AGES 6-17 TO SAY OR TYPE IN FULL NAME OF PARENTS OR THE PEOPLE WHO TAKE CARE OF THEM**

PRESS THE "+" BUTTON BELOW TO ADD MORE THAN ONE SET OF NAMES AND MOBILE PHONE NUMBERS.

---

1

\* **4.2 Parent's or Caregiver's Full Name:**

---

**4.3 If they have a mobile phone, fill in the number for here:**

*Please enter a 7-digit mobile number.*

---

•

**4.4 How did the children 6-17 do?**

- All children answered correctly the first time
- They needed some help getting it right
- That was still hard for them

WAY TO GO! THAT'S HARD TO DO!

---

WE KNOW IT IS TRICKY, BUT KEEP PRACTICING.

---

**IF ANYONE WAS BADLY INJURED WHAT NUMBER WOULD YOU CALL?**

4.5 Which number should you dial for emergencies:

- 911
- 112
- 917
- 1325

YEAH! YOU DID IT! YOU KNOW TO DIAL 911 IN EMERGENCIES!

---

AWW! NOT QUITE. IN AN EMERGENCY YOU NEED TO DIAL 911 OR FIND A GROWNUP TO HELP CALL 911

---

## WHAT IF A CHILD GETS LOST?

KIDS: LET'S PRACTICE GETTING HELP.

---

PARENTS: ASK EACH CHILD 3-5 YEARS OLD IF THEY CAN TELL THE POLICE OFFICER THEIR NAME AND WHERE THEY LIVE.

---

### 4.6 Did all the children between the ages of 3 to 5 know their full name and where they live?

- Yes, they all knew their name and where they live.
- Almost, but they needed some help.
- No, they need to work on it still.

YEAH! YOU DID IT! WE'RE SO PROUD OF YOU!

---

WE KNOW IT'S TRICKY, BUT KEEP PRACTICING EVERY DAY UNTIL YOU CAN REMEMBER YOUR FULL NAME AND WHERE YOU LIVE.

---

**CHILDREN NEED A SAFE ADULT TO TALK TO... LIKE A TEACHER, PASTOR, OR FRIEND OF THE FAMILY**

4.7 Name of safe adult:

---

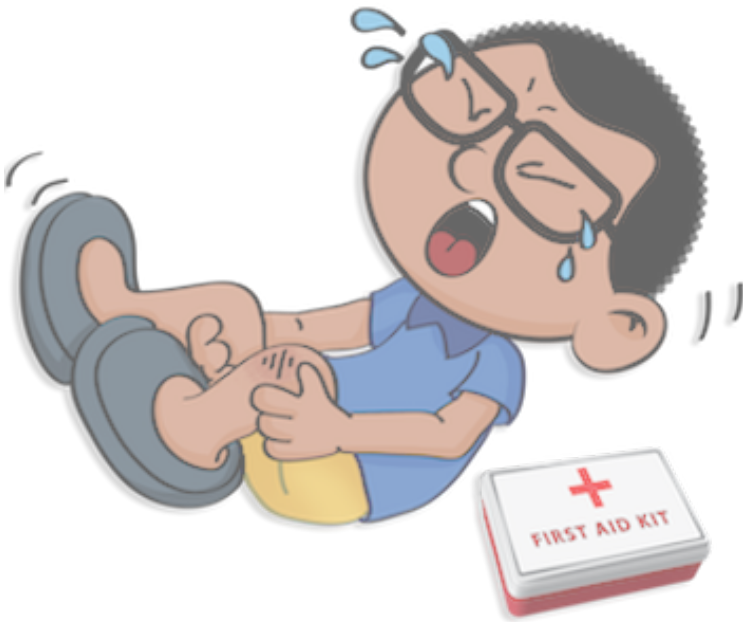

4.8 Do children in your community know that they can get help from Social Welfare Division, SAFENET if they need protection from any kind of abuse or harm?

Yes

No

Not sure

**WAAAAA!**

VILI, THAT'S A TINY SCRAPE, BUT I BET IT STILL HURTS

---

**4.9 How many people in your family have training in basic first aid?**

- At least one person does!
- Uh oh. Nobody does

NICE! HAVING SOMEONE WHO KNOWS FIRST AID WILL HELP KEEP YOUR FAMILY SAFE IN AN EMERGENCY.

---

LET'S PUT FIRST AID ON YOUR FAMILY'S TO-DO-LIST. YOU MAY NEED THOSE SKILLS IN AN EMERGENCY!

**HERE IS A VERY IMPORTANT ONE: AN EMERGENCY BASKET KAKAI. SO, GO CHECK YOUR CUPBOARDS!**

**image**

**4.10 How many days of emergency basket kakai does your family have ready?**

0

1

2

3

4

5

6

7

FIVE TO SEVEN DAYS WORTH OF FOOD IS RECOMMENDED TO HAVE READY IN CASE OF AN EMERGENCY.

---

BUT EVEN SMALL AMOUNTS ARE GREAT.

---

THE MORE YOU HAVE, THE MORE YOU CAN SHARE WITH NEIGHBORS THAT NEED HELP

---

**WE MIGHT ALSO NEED WATER FOR DRINKING AND CLEANING.**

GETTING BOTTLED WATER FROM A SHOP OR DELIVERY TRUCK MIGHT NOT WORK, AND WATER PIPES AND LARGE STORAGE TANKS MIGHT BE BROKEN.

---

#### 4.11 How will you get water?

- Pumped water
- Rain water tank or barrel
- Nearby pond, streams or rivers
- Water we've stored in bottles and cans at home

STORED WATER IN JERRY CANS, WATER TANK OR RAIN BARRLES, AND BOTTLES IS A GREAT WAY TO PREPARE FOR STRONG WINDS, HEAVY RAINS, AND FLOODING.

---

STORING 25-30 LITRES FOR EACH PERSON IS BEST. THAT'LL LAST A WEEK.

---

### **IF FLOODING, LANDSLIDE, EARTHQUAKE, OR ANYTHING MAKES OUR WATER DIRTY, WE WILL NEED A WAY TO CLEAN IT.**

#### 4.12 How will you clean dirty water?

- Fill clear bottles and let sit in sun
- Boil dirty water
- We don't have a plan

IF YOU ARE GOING TO BOIL WATER TO CLEAN IT, REMEMBER TO BOIL FOR A FULL MINUTE. ALSO MAKE SURE YOU HAVE FUEL FOR HEATING IT UP!

---

SUNLIGHT IS AN AMAZING PURIFIER. IF YOU PUT DIRTY WATER IN A CLEAR PLASTIC BOTTLE, THEN LET THEM SIT IN THE SUN FOR SIX HOURS, IT'LL BE SAFE TO DRINK.

---

### **OH NO, I SMELL SMOKE!**

**4.13 Does everyone in the family know how to respond if they smell smoke in a room?**

- Drop, cover, and hold on!
- Get down low and go, go, go!
- I don't remember

OH NO. DROP COVER AND HOLD ON IS WHAT YOU DO FOR EARTHQUAKES. GO BACK AND TRY AGAIN!

---

YES! GET DOWN AND GO, GO, GO IS WHAT WE DO IN FIRES.

---

BREATHING HOT SMOKE KILLS MORE PEOPLE THAN FLAMES, GETTING DOWN AND CRAWLING OUT OF SMOKY ROOM MAY SAVE YOUR LIFE!

---

**LET'S ALL PRACTICE. IMAGINE THERE'S A FIRE HERE.**

FEEL THE DOOR HANDLE WITH THE BACK OF YOUR HAND. IF HOT, FIND ANOTHER WAY OUT. GET DOWN LOW BENEATH THE SMOKE AND GO GO GO TO GET OUTSIDE

---

**4.14 Did everyone practice "Get down low and go, go, go" to your family designated meeting place?**

- Yes, we did!                       Maybe later.....

MAKE SURE EVERYONE PRACTICES FIRE RESPONSE SAFETY AT FEW TIMES A YEAR. TRY IT FROM DIFFERENT ROOMS AND AT DIFFERENT TIMES!

---

SAAH! THAT'S TOO BAD. PROMISE YOU'LL PRACTICE FIRE RESPONSE - "GET DOWN LOW AND GO, GO, GO" SOON! WITHOUT PRACTICE, IT'S EASY TO PANIC AND DO THE WRONG THING IN A FIRE

---

## SOME OF YOU LOOK OLD ENOUGH TO PUT OUT SMALL FIRES

4.15 Does everyone old enough to do so know how to put out small fires?

- We know how to use our bucket of sand or water.
- We know how to use our fire blanket.
- We know how to use our ABC fire extinguisher
- Hmm. We don't know how to put out small fires.

GREAT! AS YOU ARE THROWING SAND ONTO THE BASE OF THE FLAMES OR PLACING A FIRE BLANKET OVER THE FLAMES, BE SURE YOU HAVE YOUR BACK TO AN ESCAPE ROUTE AND STAND AT LEAST 2 METERS FROM THE FLAMES

---

GREAT JOB HAVING SMALL FIRE RESPONSE SKILLS!

---

OH NO! KNOWING HOW TO PUT OUT SMALL FIRES AND HAVING THE MATERIALS TO DO SO IS IMPORTANT FOR YOUR SAFETY, WE'LL PUT IT ON YOUR FAMILY SAFETY PLAN "TO-DO" LIST

---

## **IF YOU HAVE AN ABC FIRE EXTINGUISHER PRACTICE "PASS":**

P-PULL THE PIN.

---

A-AIM AT BASE OF FIRE.

---

S-SQUEEZE THE HANDLE.

---

S-SWEEP AT THE BASE OF THE FIRE.

---

FOR KITCHEN FIRE NEVER USE WATER. IT CAN SPREAD THE FIRE. INSTEAD COVER WITH A POT LID, FIRE BLANKET OR DAMP (NOT WET) CLOTH. KEEP IT COVERED.

---

**GREAT! YOU'VE COMPLETED THE RESPONSE SKILLS SECTION. NICE WORK FAMILY! NOW LET'S CHECK YOUR SUPPLIES!**

---

**LET'S REMEMBER THAT SOME OF US HAVE DIFFICULTY SEEING, HEARING, WALKING OR REMEMBERING.**

WHAT DOES EACH PERSON NEED FOR THEIR SAFETY?

---

WILL ANYONE IN YOUR HOUSEHOLD NEED HELP TO EVACUATE, OR WHILE STUCK AT HOME DURING AN EMERGENCY? DOES ANYONE RELY ON MOBILITY OR MEDICAL DEVICES OR OTHER SPECIAL EQUIPMENT? OR PRESCRIPTION MEDICINE? DO THEY HAVE SUPPLIES TO LAST THREE DAYS OR MORE?

---

ANY BABIES OR YOUNG CHILDREN? WHAT WILL THEIR NEEDS BE?

---

ANY ANIMALS OR PETS? DO YOU HAVE FOOD AND WATER TO LAST THREE DAYS OR MORE? HOW CAN YOU KEEP THEM SAFE?

---

ANYONE ELSE WHO MIGHT NEED HELP?

---

**4.16** Would you like to make some notes here to remind you of their needs?

---

**IT'S ALSO REALLY IMPORTANT TO HAVE A "GO-BAG" OF EMERGENCY SUPPLIES.**

IT'S A GOOD IDEA, EVEN IF YOU DON'T THINK YOU'LL NEED TO EVACUATE

---

**4.17** Does your family have a "go bag" for evacuation ready?

- Yes, we do
- We've started one, but it's not ready yet
- We don't have one

## Let's do a quick check of what you should have in it

### 4.18 Bottled water

- Have it                       Need to get it  
 Not necessary for our family

### 4.19 High energy food

- Have it                       Need to get it  
 Not necessary for our family

### 4.20 Communication equipment such as a portable radio (solar, wind up, or with extra batteries)

- Have it                       Need to get it  
 Not necessary for our family

### 4.21 First aid supplies

- Have it                       Need to get it  
 Not necessary for our family

### 4.22 Prescription medication

- Have it                       Need to get it  
 Not necessary for our family

#### 4.23 Torch/flashlight

- Have it                       Need to get it  
 Not necessary for our family

#### 4.24 Matches

- Have it                       Need to get it  
 Not necessary for our family

#### 4.25 Multipurpose tool, like a pocket knife

- Have it                       Need to get it  
 Not necessary for our family

#### 4.26 Change of clothing

- Have it                       Need to get it  
 Not necessary for our family

#### 4.27 Rain gear or large garbage bags to make into ponchos

- Have it                       Need to get it  
 Not necessary for our family

#### 4.28 Emergency blanket

- Have it                       Need to get it  
 Not necessary for our family

#### 4.29 Toiletries

- Have it                       Need to get it  
 Not necessary for our family

#### 4.30 Emergency contact information

- Have it                       Need to get it  
 Not necessary for our family

## 5. STRONG WINDS & HEAVY RAINS

CLIMATE CHANGE MAY AFFECT THE SEVERITY OF WINDS AND RAINS

---

IS EVERYONE STILL TOGETHER AS WE TACKLE EXTREME WEATHER?

\* 5.1 READY?

OK

UHH! GOOD START VILI. BUT WE'VE GOT A FEW MORE THINGS TO THINK ABOUT.

---

**Let us know what you will do before the cyclone season begins!**

**5.2 Trim dead branches**

- Yes, this will be done before cyclone season for sure       This may not be finished before cyclone season  
 Not necessary for our family

**5.3 Clean and clear gutters and downspouts**

- Yes, this will be done before cyclone season for sure
- Not necessary for our family

This may not be finished before cyclone season

**5.4 Have window shutters or covers ready for high winds**

- Yes, this will be done before cyclone season for sure
- Not necessary for our family

This may not be finished before cyclone season

**5.5 Inspect the roof and repair it, if needed**

- Yes, this will be done before cyclone season for sure
- Not necessary for our family

This may not be finished before cyclone season

**ANYTHING ELSE YOU NEED TO DO?**

**5.6 Additional things we need to do to protect our home**

*Action 1:*

---

**5.7 Additional things we need to do to protect our home**

*Action 2:*

---

**5.8 Additional things we need to do to protect our home**

*Action 3:*

---

## CHECKING YOUR ROOF

### 5.9 Do you have a metal roof?

- We have a metal roof and it is strapped down everywhere and nailed or screwed down every wave
- We have a metal roof but it's not well strapped and/or not nailed or screwed down every wave
- We don't have a metal roof. We have a traditional, leaf or other kind of roof

IF YOU HAVE A METAL OR TRADITIONAL ROOF, MAKE SURE THE ROOF PIECES ARE CONNECTED TO EACH OTHER AND TO THE WALL WITH CYCLONE STRAPS.

---

MAKE SURE EVERY "WAVE" OF YOUR METAL ROOF IS NAILED OR SCREWED DOWN ALONG THE TOP, BOTTOM AND SIDES OF THE ROOF

---

IF YOU HAVE A TRADITIONAL LEAVE ROOF YOUR SHELTER MAY NOT BE SAFE AND YOU SHOULD PLAN TO EVACUATE TO A SAFER LOCATION

---

**WE'LL NEED SOME SUPPLIES TO QUICKLY RESPOND TO A FLOOD OR CYCLONE**

---

I'VE GOT THE SUPPLIES!

---

## What supplies do you already have?

### 5.10 Plywood to cover windows

- We have it                       We need to get it  
 Not necessary for our family

### 5.11 Nails

- We have it                       We need to get it  
 Not necessary for our family

### 5.12 Hammer and saw

- We have it                       We need to get it  
 Not necessary for our family

### 5.13 Crow bar

- We have it                       We need to get it  
 Not necessary for our family

**5.14 Spade for digging ditches**

- We have it
- We need to get it
- Not necessary for our family

**5.15 Sand or soil-bags and washboard for directing water away from the house**

- We have it
- We need to get it
- Not necessary for our family

**MAYBE THERE'S MORE SUPPLIES WE HAVEN'T THOUGHT OF THAT YOU'LL NEED TO PROTECT YOUR HOME**

**5.16 Other supplies 1:**

---

**5.17 Other supplies 2:**

---

**5.18 Other supplies 3:**

---

**STORM SURGE AND FLOOD WATERS COULD BE A PROBLEM FOR FAMILIES LIVING NEAR THE COAST, ON THE FLOOD PLAIN OR NEAR A RIVER.**

**5.19 Do you live in an area that could flood? If you are not sure, check with older neighbors if they remember it flooding in your area. Local government officials will also know.**

- Yes
- No
- We don't know

REMEMBER CLIMATE CHANGE IS MAKING FLOODING AND CYCLONES WORSE, NEIGHBORHOODS THAT HAVE NEVER FLOODED BEFORE MIGHT IN THE FUTURE.

---

IN CASE OF FLOODING, ITS GOOD TO PLAN TO EVACUATE EARLY, TO A SAFER LOCATION INLAND AND HIGHER UP.

---

**STRONG WINDS MIGHT DAMAGE TEMPORARY OR LIGHT WEIGHT HOMES**

## 5.20 Could strong winds easily damage your home?

- Yes
- No
- We don't know

IF YOUR HOME IS MADE FROM WOOD OR HAS A METAL ROOF, IT MIGHT DAMAGE EASILY.

---

**IT'S A GOOD IDEA TO HAVE AN EVACUATION PLAN**

**5.21 Do you live in a mountain area or on higher grounds?**

Yes

No

WINDS ARE MUCH STRONGER HIGHER UP. IT'S GOOD TO PLAN TO EVACUATE TO A SAFER LOCATION SUCH AS A CYCLONE HOUSE OR EVACUATION CENTRE

---

**SOUNDS LIKE YOU MAY NEED TO EVACUATE DURING STRONG WINDS OR HEAVY RAIN.**

**5.22 Write down the closest evacuation centre and make sure everyone knows how they will get there.**

---

IF YOU PLAN TO DRIVE WHEN YOU EVACUATE, BE SURE YOUR VEHICLE ALWAYS HAS AT LEAST A HALF TANK OF PETROL

---

## GREAT WORK! LET'S GET YOU A LIST OF THINGS YOU STILL NEED TO DO BEFORE CYCLONE AND FLOOD SEASON KICKS IN!

THE NEXT GROUP OF QUESTIONS WILL HELP YOU PREPARE FOR EARTHQUAKES AND TSUNAMIS.

---

IF YOU WANT TO STOP NOW TO CONTINUE LATER, PRESS THE DISKETTE BUTTON TO THE LEFT OF THE CHECKMARK ICON (✓) ON THE UPPER RIGHT CORNER OF THE FSP MOBILE APP SCREEN TO SAVE YOUR ANSWERS AND QUIT.

---

WHEN YOU RETURN, YOU MAY JUMP TO WHERE YOU LEFT OFF BY PRESSING THE MAGNIFYING GLASS ICON ON THE UPPER RIGHT CORNER WHICH WILL PRESENT YOU THE HIERARCHICAL LIST OF SURVEY QUESTIONS TO NAVIGATE TO.

---

## 6. EARTHQUAKES AND TSUNAMIS

image

HI THERE! EARTHQUAKES AND TSUNAMIS CAN HAPPEN ANYWHERE AND AT ANYTIME IN SOLOMON ISLANDS. THEY HAPPEN WITHOUT WARNING TOO. LET'S CHECK YOUR EARTHQUAKE READINESS SO EARTHQUAKES WON'T CATCH YOU UNPREPARED!

---

LET'S GET STARTED!! EARTHQUAKES HAPPEN WITHOUT WARNING, SO, IT MEANS WE NEED TO PREPARE NOW. THE MOST IMPORTANT THING IS TO MAKE SURE YOUR HOME IS SAFE

---

## SEARCH AND FIX

6.1 Have you searched for and fixed things in your home that might be dangerous in a disaster?

- Yes, we think so!
- No, not complete yet.

YEAH! SAFE HOME ARE SO IMPORTANT!

---

## HERE'S SOME THINGS YOU CAN DO

FASTEN BOOKCASES, DISPLAY CABINETS AND OTHER TALL AND HEAVY FURNITURE TO, THE WALL.

---

BE SURE TO SECURE ANYTHING THAT COULD FALL ON YOU WHILE YOU'RE SLEEPING!

---

## 6.2 Have you fastened tall and heavy furniture?

- Yes, completely
- We don't have these things
- Not yet
- Some, but not finished

That's a big step! Great!

---

## EARTHQUAKES CAN CAUSE FIRES TO START IF WE DON'T SECURE FUELS AND CHEMICALS AT HOME

### 6.3 Have you secured water heaters, gas cylinders, and outside fuel tanks?

- Yes, completely
- We don't have these things
- Not yet
- Some, but not finished

SUPER! LESS CHANCE OF FIRE IS GOOD FOR YOUR FAMILY AND YOUR COMMUNITY!

---

**LIMIT, ISOLATE AND SECURE HAZARDOUS MATERIALS SO THEY CAN'T SPILL OR MIX IF THEY FALL OVER, AND TO PREVENT FIRES AFTER EARTHQUAKES**

**6.4 Have you correctly labeled, reduced, or secured hazardous materials like paint, fuel, pesticides, and Parquat so they can't spill or mix when a hazard hits?**

- Yes, completely
- We don't have these things
- Not yet
- Some, but not finished

SUPER! CHEMICAL SPILLS ARE DANGEROUS!

---

**"WAAAAAHIII OWWWEEEE!" LET'S GET YOU FIXED UP VILI**

**image**

IT HELPS TO JUST HANG MIRRORS AND HEAVY PICTURES AWAY FROM EXIT DOORS, BEDS, AND COUCHES. IT'S ALSO A GOOD IDEA TO MOVE BEDS AWAY FROM WINDOWS WITH GLASS THAT COULD BREAK

---

**WE CAN GET SERIOUS CUTS FROM BROKEN GLASS AFTER EARTHQUAKES, HANGING MIRRORS AND LARGE PICTURES CAN FALL AND THE GLASS CAN BREAK. IT'S BEST TO TIE THEM TO THEIR HOOKS SO THEY CAN'T FALL**

**6.5 Have you secured mirrors and pictures?**

- Yes, completely
- We don't have these things
- Not yet
- Some, but not finished

**6.6 Have you made sure beds are in a safe place?**

- Yes, completely
- Not necessary at our home
- Not yet
- Some, but not finished

SUPER! LESS CHANCE GETTING HURT WHILE YOU SLEEP!

---

## IN EARTHQUAKES, ALL THE STUFF IN CABINETS AND DRAWERS CAN COME FALLING DOWN

**6.7 Have you installed latches on cabinets and drawers so they can't open during earthquakes?**

- Yes, completely
- We don't have these things
- Not yet
- Some, but not finished

WONDERFUL!

---

**REMEMBER TO ALWAYS OPEN CABINETS SLOWLY AFTER, AN EARTHQUAKE. A LOT OF STUFF MAY BE READY TO CRASH DOWN ON YOU!**

NOW THAT WE'VE PREPARED OUR HOUSE, WE NEED TO KNOW HOW TO ACT SAFELY WHEN THE GROUND SHAKES. WE'LL GIVE YOU A FEW SCENARIOS AND YOU CAN SEE IF YOU KNOW WHAT TO DO

---

IF YOU ARE INSIDE WHEN AN EARTHQUAKE STRIKES ..... THINK ABOUT WHAT YOU SHOULD DO.

---

**WHOA, THE GROUND IS SHAKING!**

**6.8 Does everyone know what position to take during an earthquake?**

- Drop, cover hold on!
- Stop, drop and roll!
- We're not sure

DROP DOWN ON YOUR KNEES, MAKE YOURSELF SMALL, COVER YOUR HEAD NECK, PROTECT YOUR FACE. HOLD ON TO THIS COVER, OR MOVE WITH IT, UNTIL THE SHAKING STOPS. IF YOU ARE IN BED, STAY THERE AND PROTECT YOUR HEAD WITH A PILLOW. STAY INDOORS UNTIL THE SHAKE STOPS AND YOU ARE SURE IT IS SAFE TO EXIT. DO NOT ATTEMPT TO RUN!

---

GREAT! GLAD YOU KNOW TO CROUCH DOWN ON YOUR KNEES, COVER YOUR HEAD AND NECK, AND PROTECT YOUR FACE.

---

IF YOU ARE IN A WHEEL CHAIR, LOCK IT AND COVER YOUR HEAD. IF YOU CAN'T DROP TO THE FLOOR, STAY WHERE YOU ARE BRACING YOURSELF IN PLACE

---

OOPS, NO! 'STOP, DROP, AND ROLL' IS WHEN YOUR CLOTHS CATCH FIRE, NOT FOR EARTHQUAKE.

---

**DROP, COVER AND HOLD ON! CROUCH BY DROPPING DOWN ON YOUR KNEES AND MAKING YOURSELF SMALL. COVER YOUR HEAD AND NECK AND PROTECT YOUR FACE.**

HOLD ON TO THIS COVER OR MOVE WITH IT UNTIL THE SHAKING STOPS

---

**6.9 Did everyone, especially young children, remember what to do?**

- Yes!
- Almost everyone!
- Nope, we still need to practice more

DROP, COVER, AND HOLD ON IS SUPER IMPORTANT TO KNOW AND PRACTICE!

---

IF YOU ARE IN A WHEELCHAIR, LOCK IT AND COVER YOUR HEAD IF YOU CAN'T DROP TO THE FLOOR, STAY WHERE YOU ARE BRACING YOUR SELF IN PLACE.

## WHAT ABOUT IF YOU ARE IN BED?

---

### IN BED:

STAY IN BED AND PROTECT YOUR HEAD WITH A PILLOW.

---

## ON THE GROUND FLOOR OF AN UNSAFE HOUSE WITH A HEAVY ROOF AND NEAR AN EXIT:

EXIT QUICKLY AND CAREFULLY AS SOON AS YOU FEEL SHAKING. DROP, COVER AND HOLD ON AWAY FROM THE BUILDING AND ANY OVERHEAD HAZARDS. (THIS IS THE *ONLY* EXCEPTION TO THE RULE TO STAY INDOORS UNTIL SHAKING STOPS, AS LIGHTWEIGHT ROOFS POSE LITTLE DANGER.)

---

### OUTDOORS:

FIND A CLEAR SPOT AWAY FROM OUTDOOR HAZARDS AND DROP TO THE GROUND AND STAY THERE UNTIL SHAKING STOPS.

---

WATCH OUT FOR DANGERS FROM BUILDINGS, TREES, STREETLIGHTS, POWERLINES, OVERPASSES, UNDERPASSES OR ABOVE-GROUND GAS LINES.

---

### IF YOU ARE IN A VEHICLE:

STOP THE VEHICLE IN A SAFE PLACE. STAY IN THE VEHICLE UNTIL THE SHAKING STOPS. AFTER THE SHAKING STOPS, PROCEED WITH CAUTION. AVOID BRIDGES, ELEVATED ROADWAYS RAMP AND TUNNELS AS THEY MIGHT BE DAMAGED.

---

## SITUATIONAL SAFETY

6.10 Did you know what to do, in each of these situations?

- Yes!
- Almost all situations
- No, we will need to review all of these

WONDERFUL!

---

BE SAFE

---

*KNOWING* WHAT TO DO IS NOT ENOUGH. LET'S PRACTICE DROP, COVER AND HOLD ON, RIGHT NOW!

---

## **DID YOU DO IT? NOW IS YOUR CHANCE!**

**6.11 Did you practice drop, cover, and hold on for earthquakes?**

- Maybe later....
- Everyone just practiced drop, cover, hold on for earthquake response!

YAPSI! PRACTICE MAKES IT EASIER TO RESPOND SAFELY WHEN EARTHQUAKES STRIKE.

---

AWWW! THIS IS A GREAT TIME TO PRACTICE, SELECT "BACK" TO PRACTICE OR "NEXT" TO MOVE TO THE NEXT SKILL

---

**SET! NOW THAT WE KNOW HOW TO ACT DURING AN EARTHQUAKE LET'S THINK ABOUT WHAT MIGHT HAPPEN NEXT.**

AFTER AN EARTHQUAKE, IT'S GOOD TO PUT ON STURDY SHOES AND CAREFULLY EXIT YOUR BUILDING. DON'T FORGET TO TAKE YOUR EMERGENCY GO BAG WITH YOU!

---

## FIRE IS ALSO REALLY COMMON AFTER EARTHQUAKES

6.12 Do you have bucket of sand, fire blanket, or fire extinguisher to put out a small fire?

- Yes!
- No, but we'll get supplies later.

VERY PREPARED!

---

**LET'S REMEMBER HOW TO PUT OUT FIRES.**

ONE WAY IS TO THROW SAND ONTO THE BASE OF THE FLAMES OR PLACE A FIRE BLANKET OVER THE FLAME

---

CAN ONE OF THE KIDS DEMONSTRATE HOW TO PUT OUT SMALL FIRES WITH SAND AND A SHOVEL OR FIRE BLANKET?

---

IF YOU ARE PUTTING OUT FIRES WITH AN ABC FIRE EXTINGUISHER, BE SURE TO PRACTICE "PASS"

---

» **"PASS"**

• PULL THE PIN

---

• AIM AT THE BASE OF THE FIRE

---

• SQUEEZE THE HAND

---

• SWEEP AT THE BASE OF THE FIRE

---

BE SURE YOU HAVE YOUR BACK TO AN ESCAPE ROUTE AND STAND AT LEAST 2 METERS FROM THE FLAMES.

---

**STOVE FIRES ARE TRICKY, BE CAREFUL!**

CAN ANYONE DEMONSTRATE HOW TO PUT OUT A STOVE FIRE?

---

- USE WATER -- IT CAN SPREAD OIL AND GREASE FIRES

---

- INSTEAD, COVER THE BURNING PAN WITH A FIRE BLANKET OR DAMP (NOT WET) CLOTH AND LID

---

- TAKE IT OFF THE BURNER, AND LEAVE IT COVERED FOR AT LEAST AN HOUR

---

**SINCE WE KNOW THAT TSUNAMIS CAN FOLLOW EARTHQUAKES, NEXT UP IS  
TSUNAMI EVACUATION**

**6.13 If you're on the coast, when should you evacuate?**

- After a strong earthquake that lasts more than 20 seconds
- After moderate earthquake shaking lasting 40 seconds or more
- When you see a rapid rise or fall in coastal waters or it makes an unusual noise like an approaching train or plane
- When authorities issue tsunami warning
- All of these times!

GREAT JOB! THESE ARE ALL INDICATIONS THAT YOU SHOULD EVACUATE

---

» HMMM. THAT'S PARTLY RIGHT

• BOTH STRONG EARTHQUAKE OR LONG EARTHQUAKES CAN MEAN A TSUNAMI IS COMING

---

• STRANGE NOISES OR RAPID RISES OR FALLS IN COASTAL WATERS IS ALSO A CLUE

---

• AUTHORITIES WILL ALSO ISSUE TSUNAMI EVACUATION WARNINGS IF AN EARTHQUAKE SOMEWHERE ELSE IS SENDING A TSUNAMI TOWARDS SOLOMON ISLANDS

---

ALL OF THESE ARE TIMES WHEN YOU SHOULD EVACUATE!

---

## TSUNAMI EVACUATION

IF AN EARTHQUAKE IS LONG OR STRONG, EVACUATE TO HIGHER GROUND. IF SHAKING LASTS MORE THAN 30 SECONDS, IF THE OCEAN RECEDES, OR IF YOU GET A TSUNAMI WARNING MESSAGE, IT IS TIME TO MOVE 30 M UP OR 3 KM INLAND

---

**6.14 Has your family practiced walking your tsunami evacuation route this year?**

- Yes we have
- We don't need to; we live at least 3 km inland from the coast or at least 20 meters above sea level
- Uh oh. We live near the coast, but haven't practiced

» **GREAT!**

REMEMBER TO PRACTICE EVERY YEAR BY WALKING OR CLIMBING FROM YOUR HOME TO A HIGH POINT, IF POSSIBLE 20 METERS ABOVE SEA LEVEL OF 3 KM INLAND.

---

YOU MAY NOT HAVE MUCH TIME SO MAKE A GAME OF IT AND SEE HOW FAST YOU CAN ALL GET TO SAFETY!

---

## YOU COULD BE IN THE TSUNAMI DANGER ZONE

6.15 Do you know the route you need to take to escape tsunami?

- Yes, we know the route
- No, we don't know the route

GREAT!

---

ASK YOUR LOCAL AUTHORITIES OR MAKE YOUR OWN ROUTE TO AN AREA AT LEAST 20 METERS ABOVE SEA LEVEL, IF POSSIBLE

---

**REMEMBER!**

IT IS IMPORTANT TO PRACTICE SO YOU ALREADY KNOW WHERE TO GO. AS YOU PRACTICE THINK ABOUT WHO MIGHT NEED HELP EVACUATING

---

FOR A NEAR-FIELD TSUNAMI THE STRONG OR LONG EARTHQUAKE SHAKING MAY BE YOUR ONLY WARNING

---

FOR A FAR-AWAY TSUNAMI, YOU'LL HAVE TO RESPOND TO THE EARLY WARNING MESSAGE

---

KEEP YOUR EMERGENCY GO-BAG HANDY TO GRAB AS YOU EVACUATE

---

## **ONE MORE THING: LEARNING TO SWIM**

THAT'S A GOOD IDEA TOO, VILI!

---

**6.16 Does everyone over 6 years old know how to swim?**

- No, not all of us
- Yes, we can all swim!

BEING ABLE TO SWIM CAN SAVE YOUR LIFE IN FLOODS AND TSUNAMIS. MAKE SURE YOUR FAMILY HAS A LIFE JACKET OR FLOTATION DEVICE FOR EVERYONE ESPECIALLY FOR THOSE WHO CAN'T SWIM!

---

SUPER! BEING ABLE TO SWIM CAN SAVE YOUR LIFE IN FLOODS AND TSUNAMIS. MAKE SURE YOUR FAMILY HAS A LIFE JACKET OR FLOTATION DEVICE FOR EVERYONE ESPECIALLY FOR THOSE WHO CAN'T SWIM!

---

**THANKS FOR GETTING READY FOR EARTHQUAKES AND TSUNAMIS WITH US!  
WE'LL GET YOUR EARTHQUAKE AND TSUNAMI PREPAREDNESS TO-DO LIST  
READY!**

---

## 7. LANDSLIDES

OK! NOT EVERYONE HAS LANDSLIDE RISKS, BUT IT'S IMPORTANT FOR ALL OF US TO KNOW ABOUT IT. LANDSLIDES ARE WHEN SOIL, ROCKS, AND DEBRIS MOVE – SLOWLY OR SUDDENLY - DOWN A SLOPE.

---

RAINFALL, VOLCANIC ERUPTIONS, AND EARTHQUAKES CAN ALL TRIGGER LANDSLIDES

---

### 7.1 How aware are you of landslide potential in your area?

- We know all about our landslide risks, and the unusual sights and sounds to watch out for
- We have some slopes, but we don't know much about the warning signs for landslides
- We don't have ANY thing around here that can slide downhill

## 7.2 Are you doing any of these things to reduce your landslide risks?

- We are measuring rainfall in our area
- We are planting to prevent hillside erosion
- We are trying not to construct anything in the path of potential landslide
- We have created a safe evacuation route
- None of these

OK! GOOD START. WE'LL REMIND YOU OF THESE STEP IN YOUR FAMILY SAFETY PLAN

---

WOW! YOU ARE DOING FANTASTIC WORK!

---

## LET'S SEE HOW YOUR COMMUNITY IS DOING WITH PLANNING AHEAD TO BE SAFE IN CASE OF LANDSLIDE.

### 7.3 Will your community receive any early warning about landslide risks due to heavy rain?

- Yes
- No
- Not sure

#### 7.4 Are you ready to act if there is a need to do so?

- We have safe evacuation routes and plans in case of increased risk due to heavy rains
- We have plans to shelter-in-place, while staying awake and alert to signs of increased risks
- We don't have any plans but need one
- We don't have any plans and don't need one

GOOD WORK. REMEMBER, HOWEVER THAT EARTHQUAKES - WHICH CAN HAPPEN WITHOUT WARNING - CAN ALSO TRIGGER LANDSLIDES

---

UH, OH! IT'S TIME TO TALK WITH YOUR VILLAGE DISASTER REDUCTION COMMITTEE, AND MAKE A PLAN TOGETHER.

---

OK! WE'LL CHECK TO MAKE SURE THAT YOU'RE RIGHT ABOUT THAT...

---

### **DURING A LANDSLIDE, IF YOU CANNOT EVACUATE:**

IF YOU ARE INSIDE, YOU SHOULD CURL INTO A TIGHT BALL AND PROTECT YOUR HEAD.

---

IF YOU ARE OUTSIDE GET OUT OF THE PATH OF THE LANDSLIDE AND GET TO THE HIGHEST SPOT, OR RUN TO THE NEAREST SHELTER SUCH AS A BUILDING OR A GROUP OF TREES.

---

#### 7.5 How well do you think your family can implement these protective measures?

- We are ready to do all these things to protect ourselves
- We are ready to do some of these things
- We haven't discussed this yet

GOOD WORK!

---

THAT'S OKAY, YOUR FAMILY SAFETY PLAN WILL REMIND YOU ABOUT THIS.

---

AFTER A LANDSLIDE STAY OUT OF THE AREA AS FURTHER LANDSLIDES MAY OCCUR. IN THE FUTURE, REPLANT DAMAGED GROUND TO PREVENT FURTHER EROSION.

---

## 8. VOLCANOES

SOLOMON ISLANDS HAS 3 ACTIVE VOLCANOES, AND ONE UNDER THE COAST. OUR RISKS ARE HIGH EVERYWHERE.

---

VOLCANOES SPEW HOT, DANGEROUS GASES, ASH, LAVA AND ROCK. THEIR EFFECTS ON AIR AND WATER CONTAMINATION CAN SPREAD FAR AND WIDE AND HARM LUNGS, EYES, AND SKIN. THEY CAN CAUSE LANDSLIDES AND TSUNAMIS.

---

WE ALL HAVE TO PROTECT OURSELVES AND HEED EARLY WARNINGS.

---

## LET'S SEE HOW YOUR COMMUNITY IS DOING WITH RECEIVING EARLY WARNINGS, AND WITH PLANS TO EVACUATE OR SHELTER-IN-PLACE.

8.1 Will your community receive early warnings of volcanic activity?

- Yes  No  Not sure

8.2 Are you ready to act if there is a need to do so?

- We have plans for evacuation  
 We have plans to shelter-in-place  
 We don't have any plans, but we need one  
 We don't have any plans, and don't need one

GREAT NEWS! KEEP UP THE GOOD WORK!

---

UH, OH! IT'S TIME TO TALK WITH YOUR VILLAGE DISASTER REDUCTION COMMITTEE, AND MAKE A PLAN TOGETHER.

---

OK! WE'LL CHECK TO MAKE SURE THAT YOU'RE RIGHT ABOUT THAT...

---

## **IMPORTANT MEASURES TO PROTECT YOURSELVES ARE TO:**

- STAY INDOORS AWAY FROM ASH FALL

---

- SEEK SHELTER

---

- PROTECT YOUR EYES, LUNGS, AND SKIN

---

- CLOSE DOORS, WINDOWS AND VENTS TO KEEP INDOOR AIR CLEAN

---

- PROTECT WATER IN CLOSED CONTAINERS

---

### 8.3 How well do you think your family can implement these protective measures?

- We are ready to do all of things
- We are ready to do some of these things
- We haven't discussed this yet

GOOD WORK!

---

THAT'S OKAY, YOUR FAMILY SAFETY PLAN WILL REMIND YOU ABOUT THIS.

---

IF THERE IS A VOLCANIC ERUPTION, AFTERWARDS YOU'LL NEED TO TAKE CARE DURING CLEAN-UP TO CONTINUE TO PROTECT YOUR LUNGS, EYES, AND SKIN AS YOU CLEAN UP AND DISPOSE OF ASH CAREFULLY. REMEMBER TO NEVER PLAY IN VOLCANIC ASH AND AVOID DUSTY SETTINGS.

---

## 9. DROUGHT

HI THERE! WE NEED TO GET READY FOR DRY SEASON. LET'S CHECK YOUR WATER CONSERVATION AND FOOD STORES, IN CASE THERE IS A DROUGHT!

---

**9.1 Do you have plenty of dried and preserved food on hand?**

- Yes, we have a lot
- Some
- None

WHEN DROUGHT HAPPENS, IT'S GOOD TO PRESERVE AND STORE DRY FOOD, TINNED FOOD AND GRAINS THAT CAN LAST 3-12 MONTHS.

---

**IT'S ALSO A GOOD IDEA TO STORE WATER AT HOME.**

IN CASE WELLS, WATER TAPS, OR OTHER SOURCES RUN DRY. THIS IS IMPORTANT FOR MANY OTHER HAZARDS TOO!

---

9.2 Do you have stored water at home?

Yes

No

**STORED WATER IN JERRY CANS, BOTTLES OR RAIN BARRELS IS A GREAT WAY TO PREPARE FOR DROUGHTS.**

IT'S ALSO HANDY IN OTHER DISASTERS.

---

REMEMBER, FOR DISASTERS, STORING 25-30 LITERS FOR EACH PERSON IS BEST. THAT'LL LAST A WEEK

---

**9.3 Do you have 25-30 liters for each person?**

- Yes!
- Not quite that much
- None

GREAT!

---

OK, LET'S PUT THAT ON A TO-DO LIST. STORING EVEN A LITTLE MORE WATER CAN HELP OUT IN DISASTER. LET'S ALSO THINK ABOUT WAYS TO CONSERVE WATER AT HOME

---

**LEAKS WASTE PRECIOUS WATER**

**9.4 Have you recently inspected any pipes and outdoor taps for leaks and repaired them?**

- Yes
- Some, but not all
- None

THAT SAVES WATER AND MONEY.

---

**WHAT ABOUT HARVESTING RAIN?**

**9.5 Do you have a way to harvest rainwater in above-ground or below-ground tanks?**

Yes

No

THAT'S GREAT NEWS FOR YOUR FAMILY AND COMMUNITY!

---

**There's a lot of ways we can reduce our water use too.**

.

Yes

No

9.6 Does everyone turn off the tap when brushing your teeth?

9.7 Does everyone take short showers to save water?

9.8 Does your family clean fruit and vegetables in a basin rather than under running water?

9.9 Do you wash dishes using two basins rather than doing it under running water?

GREAT! YOU ARE DOING SO MUCH TO CONSERVE WATER!

GOOD START! KEEP WORKING ON WAYS TO CONSERVE WATER!

9.10 What type of toilet does your family have? ADD LynnWToilet.png

- Pit toilet
- Water sealed toilet
- Flush toilet
- Out door (OD) or others
- Not sure

THAT'S GREAT! WATER SEALED AND PIT TOILETS ALREADY CONSERVE WATER.

---

**FLUSHING TOILETS TAKES A LOT OF WATER. BUT THERE ARE WAYS TO USE LESS!**

YOU CAN MAKE YOUR FLUSH TOILET USE LESS WATER. PLACE A FULL 12 LITRE BOTTLE IN YOUR TOILET TANK. THE BOTTLE WILL REDUCE THE FLUSH WATER

---

**9.11 Have you added a brick or sealed bag or water to your toilet cistern?**

- Yes
- Not yet, but we will.

THAT'S GREAT. THANKS FOR DOING THIS STEP!

---

## WE CAN ALSO RECYCLE WATER!

LEFT OVER WATER FROM WASHING VEGETABLES, CLOTHES, OR DISHES CAN BE COLLECTED AND USED FOR TOILETS, IRRIGATION, AND HOME GARDENS.

---

**9.12 Do you already recycle leftover water?**

- Yes, most of it
- Not yet, but we'll try
- We do not

SUPER! GREAT JOB!

---

**WE CAN EVEN MAKE OUR YARDS DROUGHT RESISTANT**

**9.13 Do you have a yard?**

- No
- Yes

9.14 Let's see what you're already doing to conserve water...

Yes

No

9.15 We have planted low-water plants in our yard.

9.16 We have planted trees for shade, especially those that need little water.

9.17 We use mulching around our plants and crops to reduce water evaporation.

GREAT! YOU ARE DOING SO MUCH TO CONSERVE WATER!

GOOD START! KEEP WORKING ON WAYS TO CONSERVE WATER!

---

**GARDENS ARE ANOTHER WAY TO PROTECT YOUR FAMILY FROM DROUGHT.**

**9.18 Have you planted a garden?**

- Yes
- No
- We don't have a place for a garden

BE SURE TO PLANT SOME DROUGHT-RESISTANT PLANTS LIKE TAPIOCA, TARO, YAM AND SWEET POTATO! PLACE COMPOST AND GRASS CLIPPINGS AROUND TREES AND PLANTS, IT HELPS KEEP WATER IN THE SOIL!

---

## COMPOST AND SEEDS

9.19 Do you compost food scraps and garden waste in your garden?

Yes

No

9.20 Does your household or community save seeds of plants important to you?

Yes

No

We don't know

IF YOUR GARDEN DIES BECAUSE OF DROUGHT, THOSE SAVED SEEDS WILL MAKE SURE YOU CAN PLANT AGAIN NEXT SEASON!

**THANKS FOR GETTING READY FOR DROUGHT WITH US! WE'LL GET YOUR DROUGHT PLAN READY!**

## 10. DISEASE OUTBREAKS

**» NOW LET'S THINK ABOUT DISEASE OUTBREAKS AND CHECK YOUR KNOWLEDGE ABOUT REDUCING RISKS.**

Which of these does your family do to reduce the risk of spreading diseases?

---

**10.1 Be aware of disease outbreaks**

- Yes       No  
 Somewhat

**10.2 Follow the guidance of health authorities**

- Yes       No  
 Somewhat

**10.3 Ensure that water sources are clean and protected**

- Yes       No  
 Somewhat

**10.4 Safely managed food**

- Yes       No  
 Somewhat

**10.5 Practice good sanitation and personal hygiene, always**

- Yes       No  
 Somewhat

### 10.6 Isolate and care for the sick

- Yes       No  
 Somewhat

EXCELLENT WORK!

---

## OK - HERE'S ANOTHER ONE!

Which of these does your family do to reduce the spread of airborne diseases?

---

### 10.7 Wear a proper face mask?

- Yes       No  
 Somewhat

### 10.8 Cover mouth and nose when sneezing or coughing?

- Yes       No  
 Somewhat

**10.9 Avoid/minimize close contact with others who may carry the illness (whether or not they are sick)?**

- Yes       No  
 Somewhat

**10.10 Avoid mass gatherings or overcrowded places?**

- Yes       No  
 Somewhat

**10.11 Isolate and care for the sick?**

- Yes       No  
 Somewhat

AND OF COURSE ALWAYS WASHING YOUR HANDS WELL, WITH SOAP AND WATER!

---

WOW! GOOD JOB!!

---

**WHEN YOUR FAMILY FACES RISKS FROM WATER-BORNE DISEASES WHICH OF THESE ARE YOU READY FOR?**

**image**

**10.12 Ensure water sources are clean and protected**

- Yes       No  
 Somewhat

**10.13 Ensure drinking water is stored in a clean and safe container**

- Yes       No  
 Somewhat

**10.14 Wash hands when storing drinking water**

- Yes       No  
 Somewhat

**10.15 Boil drinking water**

- Yes       No  
 Somewhat

YOU KNOW ALL THE IMPORTANT STEPS TO PROTECT YOURSELVES FROM ANIMAL-BORNE DISEASES

---

**HOW ABOUT ANIMAL-BORNE DISEASES? WHICH OF THESE THINGS DOES YOUR FAMILY DO?**

image

**10.16 Avoid contact with animals that might be infected**

- Yes       No  
 Somewhat

**10.17 Isolate animals that display symptoms of sickness**

- Yes       No  
 Somewhat

**10.18 Prevent insect bites (especially by sleeping under mosquito netting)**

- Yes       No  
 Somewhat

**10.19 Destroy mosquito breeding grounds (especially in stagnant water)**

- Yes       No  
 Somewhat

**10.20 Wear protective clothing such as gumboots when going to farms**

- Yes       No  
 Somewhat

YOU KNOW ALL THE IMPORTANT STEPS TO PROTECT YOURSELVES FROM ANIMAL-BORNE DISEASES

---

## OK – LAST CATEGORY:

image

For food-borne diseases, which measures is your family planning to take?

---

### 10.21 Ensure food handling areas are clean

- Yes       No  
 Somewhat

### 10.22 Practice good personal hygiene

- Yes       No  
 Somewhat

### 10.23 During power shutdown use refrigerated food as soon as possible to prevent eating spoiled food

- Yes       No  
 Somewhat

**10.24 Cook food thoroughly and eat cooked food while its still hot**

- Yes       No  
 Somewhat

**10.25 Protect food from pests**

- Yes       No  
 Somewhat

FANTASTIC WORK. PLEASE DO SHARE YOUR KNOWLEDGE AND GOOD PRACTICE WITH EVERYONE.

---

**Good work! Now, let's check on our response skills too!**

**image**

Which of these is your family ready for?

---

**10.26 Listen to and follow official advice of health authorities**

- Yes       No  
 Somewhat

**10.27 Know where and how to seek medical attention**

- Yes       No  
 Somewhat

**10.28 Take prompt action if you think you or a family member might have been infected or exposed**

- Yes       No  
 Somewhat

**10.29 Know where to seek medical help as well as traditional remedies**

- Yes       No  
 Somewhat

**10.30 Maintain a clean environment**

- Yes       No  
 Somewhat

**10.31 Stay hydrated**

- Yes       No  
 Somewhat

WOW!! YOU'RE CORRECT. ALL ARE IMPORTANT. PLEASE SPREAD THIS GREAT KNOWLEDGE AROUND.

---

**What resources and supplies do you already have in case of disease outbreaks?**

**image**

**10.32 Personal protection equipment, like face masks**

- Yes       No  
 Somewhat

**10.33 Clean water and soap**

- Yes       No  
 Somewhat

**10.34 Stockpile essential foods in case of disruption to normal food supplies**

- Yes       No  
 Somewhat

WOW!! YOUR GROUP IS VERY WISE! PLEASE LET YOUR FRIENDS KNOW TOO!

---

## ANOTHER IMPORTANT STEP IS VACCINATION

image

When safe vaccinations are available to protect everyone from dangerous illnesses, we are ready to take these measures.

---

### 10.35 Participating in vaccination campaigns

- Yes       No  
 Somewhat

### 10.36 Getting all vaccinations, as advised by health authorities

- Yes       No  
 Somewhat

### 10.37 Maintain our vaccination records

- Yes       No  
 Somewhat

100%

---

**THANKS FOR COMPLETING THE DISEASE OUTBREAKS SECTION WITH US!**

---

## 11. YOUR FSP IS READY

EXCELLENT WORK! YOUR FAMILY SAFETY PLAN IS READY FOR YOU NOW!

---

DO CHECK TO SEE ALL THE GOOD WORK THAT YOU'VE DONE, AND THE NEXT SMALL STEPS THAT YOU AND YOUR FAMILY CAN TAKE TO MAKE YOURSELVES SAFER! PLEASE COME BACK ANYTIME FOR A REFRESHER OR TO UPDATE YOUR PLAN.

---

**11.1 Do you want us to email your Family Safety Plan (FSP)?**

- Yes, email our Family Safety Plan
- No, I don't want any notifications or a Family Safety Plan

**11.2 What is your email address?**

---

**11.3 Do you want to give your permission to the organizations sponsoring this app to communicate early warning and/or seasonal awareness information with you?**

- Yes  No

**11.4 How do you want to be communicated with?**

- E-mail
- Text message

**11.5 What is your mobile number?**

*Please enter your 7 digit mobile phone number (i.e., without the country code)*

---

**11.6 What is your email address?**

---

**CONGRATULATIONS!**

*PLEASE CHECK YOUR EMAIL FOR A MESSAGE FROM "Solomon Islands FSP (no-reply@riskrapps.net)" TO SEE YOUR FSP*

---

**WE HOPE YOU'LL USE YOUR FSP TO IMPROVE YOUR SAFETY WITH EVERY SMALL STEP YOU TAKE!**

---
